Polaroid NOW

- 1 Turn on the Polaroid Now camera by pressing ON/OFF button.
- 2 Open the film door.
- 3 Insert the film pack darkslide up and with the tab facing toward you.
- 4 Close the film door. The darkslide covered by the film shield will eject.
- 5 Remove the darkslide and allow the film shield to roll back in.
- 6 Aim at your subject and press the shutter button. The flash will trigger automatically.
- 7 To shoot without flash, press the flash button before each shot.
- 8 The photo covered by the film shield will eject.
- 9 Don't shake the photo! Place your photo in a dark place or face down on a flat surface.
